PMHCA All-Awardee Virtual Meeting

June 8 & 9, 2021

Vision: Healthy Communities, Healthy People
PMHCA Awardee
Training and Sustainability Efforts
Alabama
Sustainability/Training Efforts (AL)

• 5-07-2021 – at the request of Commissioner Boswell, submitted a proposal for bringing training in trauma informed care to pediatricians in Alabama, using the PATTeR ECHO model led by Dr. Heather Forkey and Dr. Moira Szilagyi. Outlined how PATHS could support pediatricians as they work to incorporate the model into their primary care practices. Working with ACHIA (AL Child Health Improvement Alliance) in incorporating QI activities.

• Project ECHO offerings continue – hold a spring and fall series each year, for first time offering two spring series simultaneously due to growth

• Utilizing carryover funds to provide “lunch & learns” for our pediatric primary care partners. Trainers for these events are our Infant/Early Childhood Mental Health Consultant/LICSW, and staff from Alabama Partnership for Children, a 501©3 non-profit dedicated to improving outcomes of children from birth to age five in Alabama.
Sustainability Efforts (AL)

• Ongoing Advisory Committee Meetings with Stakeholders to Discuss Sustainability Measures – also shared the Pediatrics’ Perspectives article, “Addressing National Workforce Shortages by Funding Child Psychiatry Access Programs” and the impact of CPAP programs nationally
• 3-31-2021 Met with Children’s of Alabama’s Director of Grantor and Donor Relations to discuss sustainability for PATHS and begin search for grant funding opportunities
• 4-06-2021 Met in-person with the new Commissioner of the Alabama Department of Mental Health and Director of Legislative and Constituent Affairs, to discuss sustainability for PATHS
• 5-07-2021 Submitted proposal for PATHS sustainability to Commissioner Boswell with the AL Department of Mental Health. This proposal outlined plans for expansion of PATHS statewide, including enrolling urban as well as rural pediatric primary care practices. Special thanks to Dr. John Straus for his consultation re: budgeting for expansion.
Alaska
Pediatric Mental Health Care Access: Partnership Access Line for Alaska

Trainings by:
Robert Hilt, MD
Professor of Psychiatry
University of Washington
Clinical Director Partnership Access Line, MDT Consults, and 2nd Opinion Consult Services in WA and WY

- ADHD and Anxiety Disorders (ECHO - webinar)
- Mental/Behavioral Health Impacts of COVID-19, and Crisis Management Skills (CAFBH – webinar)
- Early Childhood Mental Health (webinar)
- Depression Treatment in Pediatric Primary Care (webinar)
- Psychiatric Management of Child and Adolescent Anxiety (webinar)
Sustainability Efforts (AK)

- Increasing visibility statewide with carryover request funding. We are developing a promotional video featuring Alaska rural communities utilizing the PAL PAK resource to enhance health and wellbeing for children.
- During this 3rd year of our project, our Advisory Board is guiding efforts towards sustainability as our top priority.
- Ideas explored include:
  - Developing statewide primary screening tools for early identification and increased billing of Medicaid
  - Partnering with the Alaska Mental Health Trust for funding
  - Leveraging federal grant funds and private foundation funding
Colorado
Education/Training Efforts (9/19 - 5/21)

- 321 enrolled
- 700 consult calls
- 1,000 participants

- Training of child & adolescent psychiatry providers; Sept 2019
- Enrollment Training Meetings
  Education Components (Screening, Anxiety, Depression & Suicide)
- CoPPCAP ECHO 1.0 & 2.5 Series – 7 cohorts
- CoPPCAP Annual Learning Collaborative
- Other: Children's Hospital of CO CME trainings, etc.

Each Point of Contact Is an Educational Opportunity!
Sustainability Efforts (CO)

- Reviewed nationally, through interviews, state funded sites; qualitative study to determine “common elements of success”
- A/C member also part of Children’s Behavioral Health Taskforce (CBHT) co-chair; CBHT met 2019-2020
- CBHT recommended initiation of CO PMHCA through state supported program commencing 2023
- Covid hit, numerous fiscal/state distractions
- Continues point of discussion and strategic planning, considering partners for legislative action
Delaware
INCifest ACCESS TO MENTAL HEALTH CARE IN DELAWARE BY “CONNECTING THE DOCS”

DCPAP Falls Under the Umbrella of the Delaware Department of Services for Children, Youth and Their Families’ Division of Prevention and Behavioral Health Services. DCPAP is modeled after the Massachusetts Child Psychiatry Access Program.
EDUCATION & TRAINING PROGRAM (DE)

- Advertised to All Registered Pediatric Providers
- Goal to Improve Their Comfort Level for Providing Behavioral Health Treatment Within Their Own Practice
- Participation is Not Limited To Registered DCPAP Participants
  Lunchtime 2 Part Training Series - Didactic of Behavioral Health Need, Screening, Diagnosing, Treatment Planning, Case Considerations, Medication Management, Resources plus Case Review
- CME Credits at No-Cost to Participants
- Presentations with Partnering Agencies for Specialty Training
- Virtual Sessions Recorded for Enduring Opportunities
**SUICIDE IN YOUTH WITH AN EYE ON COVID-19**

**DELWARE CHILD PSYCHIATRY ACCESS PROGRAM TRAINING SERIES 2020**

Register by e-mail for virtual session at DSCYF_DCPAP@delaware.gov or mindy.webb@delaware.gov
Registration ensures you will receive session invitation, reminder, survey, CME link & future training info.

**Zoom Invitation with Registration**

---

**DELWARE CHILD PSYCHIATRY ACCESS PROGRAM 2021 TRAINING SERIES**

**Early Onset Psychosis & Childhood Schizophrenia: Hope Through Early Detection & Intervention**

Part 1 Friday, March 19th 12:30 – 1:30 PM

Part 2 Thursday, March 25th 12:30 – 1:30 PM

Register Via E-mail at DSCYF_DCPAP@delaware.gov for Zoom Link

---

**FREE CME CREDIT AVAILABLE**

This live series activity, the Delaware Child Psychiatry Access Program Education and Training Program from 6/18/2020 – 6/18/2021 has been reviewed and is acceptable for CME credit by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
SUSTAINABILITY EFFORTS (DE)

Multi-Planning Strategy

- Legislature – Government Budget
- Collaborative Care Coding
- Grants
- Non-Profit Partnership
- Partnership with Teaching Hospital/Education-Training Network
Iowa
Iowa Pediatric Mental Health Collaborative

Training

✓ Three in-person conferences (year one/pre-COVID)
✓ At least six webinars per year
✓ Additional webinars held in 3rd quarter of 2020 (sessions from previously scheduled conference)
Iowa Pediatric Mental Health Collaborative

Sustainability

✓ Diverse Funding – Grounded in Maternal and Child Health Title V Block Grant and HRSA grants

✓ UI Consult – part of the University of Iowa Hospitals and Clinics infrastructure

✓ Telehealth – CHSC has been providing telepsychiatry services to children/youth since 2005

![Funding Sources Pie Chart]

- State Funds: 65%
- Title V: 25%
- Program Income: 10%
Kansas
Current:

- Physician to Physician Case Consultation (Category II: CME eligible)
- Virtual TeleECHO Clinic (Category I: CME)
- Physician Wellness Coaching (Category I: CME)
- Adolescent Depression Screening Quality Improvement Project (Maintenance of Certification Credit)
- Didactic presentations (Grand rounds, resident training, regional conferences, etc.)
- Patient-Centered Mental Health in Pediatric Primary Care Mini Fellowship Program - REACH Institute Training (Category I: CME)

This project is supported by the Health Resource and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as a part of an award totaling $2,134,666 with 20% financed with nongovernmental sources. The contents are those of the authors and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS, or the U.S. Government.
Kansas – KSKidsMAP Sustainability

Current:

• Developing a **Project Impact Paper** to be used to engage partners and stakeholders about sustainability plans

• Special Legislative Committee on **Mental Health Modernization and Reform** met Fall 2020; a **frontline provider recommendation** was included in the report to the 2021 Kansas Legislature: *Treatment and Recovery Recommendations – 5.3 Frontline Capacity*: Increase capacity of frontline healthcare providers (e.g., pediatricians, family physicians, OB/GYNs) to identify and provide services to those with behavioral health needs.

Ideas to Explore:

• Reimbursement for expert consultation time

• Use of Medicaid Admin Funds

• MCOs/Commercial insurance

• State General Funds (SGF) line item

• Blended/braided funding from state agencies (e.g., KDHE, KDADS)

This project is supported by the Health Resource and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as a part of an award totaling $2,134,666 with 20% financed with nongovernmental sources. The contents are those of the authors and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS, or the U.S. Government.
Maine
Learning Series (ME)

Live Webinars the 3rd Wednesday of each month - 7:30-8:30am
Live webinars being recorded for on-demand training opportunities
Offering CME credits & Certificate of Attendance

March 10, 2021- Approach Psychiatric Issues in Primary Care
April 14, 2021-Suicide Risk Management
    May 12, 2021- Anxiety
    June 2, 2021- Autism
July 14, 2021- Therapeutic Interviewing
    August 11, 2021- ADHD
    September 8, 2021- Depression
October 13, 2021- Eating Disorders
    November 10, 2021- Psychosis
    December 8, 2021- Trauma
Maine Pediatric and Behavioral Health Partnership is designed to implement a standard of care change for health care providers in Maine to improve access to pediatric behavioral health care, especially in rural and underserved communities.

**The charge for the sustainability subgroup:**

- Develop a multidisciplinary team
- Look at current practices and current reimbursement codes already in Mainecare Policy
- Look at what some of the current challenges are with Mainecare billing/reimbursement
- Look at what may need to be changed or adjusted with regarding to billing/reimbursement
- Look at over all trends in health care and billing- Codes vs Global Payments
- Look at Cost Per Member/Per Year
- Look at State Budget- and line-item request for funding
- Look at Stake Holders and campaign for funding/ support
- Look at Private Insurance and request for contribution for services.
- Develop a sustainability work plan
- Help with public advocacy
Maryland
**Maryland BHIPP - Training**

**TeleECHO™ Clinics**
- Project ECHO® (Extension for Community Healthcare Outcomes) helps democratize medical knowledge and develops specialty care capacity in underserved communities
- Using a revolutionary model of telementoring, collaborative medical education and care management, Project ECHO empowers front-line primary care professionals to provide the right care, in the right place, at the right time

**BHIPP Resilience Breaks**
- A webinar series launched in response to the COVID-19 pandemic
- Covering a wide range of pediatric mental health concerns
- Open to pediatric PCPs across Maryland
- Held 1-2 times/month

**In-office Trainings and Half-Day CME Events**
- In-office trainings on requested behavioral health topics (virtual during COVID-19)
- Half-day CME Events held in partnership with local organizations
Maryland BHIPP – Planning for Sustainability

- **Maryland Department of Health, Behavioral Health Administration** funds BHIPP consultation, training, social work co-location and resource & referral networking
- **HRSA** funds BHIPP Care coordination, ECHO clinics, telepsychiatry and tele-counseling services
- Currently working with our BHIPP TAP advisory board to consider options for sustaining HRSA-funded services. Options discussed to date:
  - Role of collaborative care billing codes
  - Possible legislation supporting telehealth billing
Michigan
SUMMARY OF TRAININGS (MI)

- Developed animated video on Engaging with Youth and Parents in the Primary Care.
- Webinars on specific topics have been offered to providers by MC3-CONNECT and Michigan Chapter of American Academy of Pediatrics.
- Continued to provide (virtual) presentations at Grands Rounds and conferences targeting the “Next Generation” of providers.
- Pre-COVID trainings included regional conferences (Upper Peninsula, Thumb regions).
- Group Case Consultations to school-based Child and Adolescent Health Center providers has been offered.
SUSTAINABILITY PLANNING (MI)

Current funding for MC3-CONNECT includes:
HRSA and state General Funds

Potential funding considerations for MC3, MC3-CONNECT includes:
- State General Funds
- Children’s Mental Health Block Grant funding
- Medicaid Administrative Funds
- Flint Water Crisis funding
Mississippi
ECHO – Just completed our first cohort

Consultation Corner – ended it when ECHO started

Presentations

- Enrollee Training – Addressing issues in the identification and management of ADHD
- Grand Rounds – Mental Health effects of COVID
- Resident Training – Family-Driven System of Care (in partnership with Families as Allies)

AACAP Summit – Tele-psychiatry

Training for students and residents

Newsletter case presentations
Formed **Sustainability Committee** with stakeholders including:
Department of Mental Health, Medicaid, a family advocacy organization and others.

Initiated conversations with state legislators

Delivered information around COVID Relief bill for PMHCA expansion to Mississippi Senators (Wicker, Hyde-Smith)

**Potential Pilot Projects:**

**Magnolia Health** (Centene)
- Sent them our list of clinicians for them to analyze any changes in treatment patterns
- Setting up stakeholder meeting to discuss pilot for Foster Care Children

**United Health**
- Cohort Analysis – Consult PCPs for a list of patients who have been prescribed medication with no history of mental health claims.
- County Analysis – Review treatment differences in a county where CHAMP has a significant presence vs. One with little to no presence.
Missouri

Three sub-committee Work Groups:

**Legislative Committee:**
- 2021 Marketing program and “Relationship Building” with lawmakers and organizations
- Talking Points
- One Page Flyer
- Will ask for state budget allocation funding in 2022 to secure funds in FY2023

**Insurance Committee:**
- Partnering with Medicaid managed care organizations to determine approaches for evaluating cost-effectiveness
- Engaging MCO government affairs personnel to assist with Legislative Committee efforts
- Exploring how/when to invite financial investment by MCOs

**Fundraising/Foundation Committee:**
- Exploring foundations that have shared missions for potential “bridge” funding between pilot and sustainable funding time period
- Partnering with state NAMI chapter to build awareness and small-scale fundraiser for NAMI Walks
Montana
• **Project ECHO** - didactic presentations on a variety of topics and case presentations to support and train all attending providers.

• **Yearly Pediatric Mental Health Symposium** - provides an opportunity for learning and collaboration. This event includes local and national speakers on a variety of topics specific to serving kids with behavioral healthcare needs.

• **Diagnostic Toolkits** - These are care guides developed to train and support providers on a variety of different topics that include but are not limited to Adolescent Screening, Anxiety, ADHD, and Adolescent Depression.

• The grant team is currently looking into providing Mini-Grants to support provider attendance to various trainings held across the state.

• The grant team is also exploring supporting school-based, provider-focused trainings and support.
Montana Access to Pediatric Psychiatry Network

Sustainability

• *We have continuing conversations with Medicaid regarding possible sustainability avenues for Project ECHO.*

• *The annual Pediatric Mental Health Symposium is a yearly grant supported training event that is now self-sustaining.*

• *Inquiring potential in state third party payers regarding sustainable funding opportunities.*
Nebraska
NEP-MAP Training Activities

• Live and recorded webinars for Primary Care Providers with CME
• Live interactive Consultant-led sessions for School Nurses
• Poster Session for national conference
• Live presentation to Home Visitor Conference
• Topical Quarterly newsletters
NEP-MAP Goals

• **Increase Screening** for mental and behavioral health issues among children, youth, and their caregivers.

• **Increase Capacity of primary care providers** in underserved areas to screen, refer, and treat children and youth with mental health care needs.

• **Provide Consultation** from pediatric behavioral health experts to providers using tele-behavioral health.

• **Promote family-centered and culturally-appropriate approaches in health care delivery** to improve access for underserved individuals and communities.

• **Expand the project in scale, scope, and impact.**
NEP-MAP Sustainability Planning

Georgia Health Policy Center Tools for Sustainability

• Bringing the Future into Focus: Sustainability Planning Workbook
• Sustainability Self-Assessment Tool
• Positioning for Sustainability: A Formative Assessment Tool Quick Course
• Return on Investment calculator
Nevada Pediatric Psychiatry Solutions

TRAININGS

• Four online trainings approved for CMEs and offered free to medical providers
• Early childhood mental health clinicians to offer training to providers on the Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood

Mental Health

• Introduction to Infant and Early Childhood Mental (1.75 CME)
  Presenter: Lisa Walker, LCSW
• The National Standards for Culturally & Linguistically Appropriate Services (CLAS) in Health & Healthcare (1.75 CME)
  Presenter: Linda Guastella, M.Ed., LCPC, SOC Grant Training and Technical Assistance & Char Frost, CPSP
• Overview of Developmental Disabilities (1.5 CME)
  Presenter: Elaine C. Brown, PhD, FAAIDD
• The Nevada System of Care Presents: Addressing the Needs of LGBTQ+ Youth (2.5 CME)
  Presenter: Holly Reese
• NVPeds is in the very early stages of sustainability efforts.

• NVPeds is exploring how the program fits in Nevada’s system of care and the extent to which the project may join with existing children’s mental health and community-based programs to provide teleconsultation.
New Hampshire
Training (NH)

The NH Mental Health Care Access in Pediatrics (NH MCAP) Program is providing training to enrolled NH pediatric primary care providers through three 10-month Project ECHO Cohorts:

- 1st Cohort ~ focused on Pediatric Anxiety & Depression (Mar 2020 – Dec 2020)
- 2nd Cohort ~ is focusing on Pediatric ADHD & Trauma (Feb 2021 – Nov 2021)
- 3rd Cohort ~ topic TBD (Feb 2022 – Nov 2022)

NH MCAP was also able to utilize HRSA carryover funds to develop 2 additional virtual trainings:

- “The Water We Swim in: Embracing Equity in Medical Practice” (May 2021)
New Jersey
New Jersey Chapter, American Academy of Pediatrics

Training/Outreach:

- Partner with Hub Teams on outreach, orientation and telehealth implementation for pediatric providers
- Coordinate telehealth equipment purchases, inventory tracking and documentation for Hub and provider sites
- Share program and educational information with NJAAP staff, Local, State, and National Partners, pediatric clinicians, including; MD, DO's, APN, PA's, RN's, mental health professionals, as well as pediatric practice staff.
- Information dissemination to practices, scheduling meetings/conference calls, and development of presentations to spread awareness of telehealth enhancement opportunity and implementation
- Plan/facilitate monthly CME training and provide technical assistance to pediatric primary care providers to support the early identification, diagnosis, treatment, and referral of children with behavioral health conditions that includes information on how to register and access the telehealth expansion.
- Serve as point of contact for Telehealth marketing/outreach deliverables:
  - Telehealth Website
  - Patient/Family Video
  - Provider Video
- Serve as Point of Contact for 2020 JBS Provider Survey
- Present at medical conferences and meetings in NJ and Northeast Region
The New Jersey Pediatric Mental Health Care Access (NJPMHCA) Program

**Sustainability:**

• Discuss opportunities for sustaining NJPMHCA through additional funding and financial reimbursements given the latest legislative updates in New Jersey and nationally regarding telehealth.

• Outreach efforts for additional funding sources:
  • Grant match funding
    • Seeking a new partner as our year 1 and 2 partner was a spend down foundation.
    • Year 3 is currently in-kind with the hopes or converting to match with a new partner.
  • Seeking additional funding for additional telehealth equipment, to enhance workflow and further innovate program functions.
    • FCC Telehealth Funding Round 2

• Continue to seek ways to identify health plan reimbursement opportunities, where possible for PCP’s
  • “Wrap Around” billing for primary care providers when the patient returns to their office for their telehealth evaluation.
  • “Originating Site/Facility Fee” – Originating site (patient location) must be a health care facility and not a patient home and use interactive audio/video.
North Carolina
The North Carolina Psychiatry Access Line (NC-PAL) – Sustainability

- Developed advocacy one-pager
- Advocacy through local AAP, AFP, APA chapters
- Gauging interest from other medical centers to develop hubs across state
- Partnering with other groups/programs to offer REACH training
- Conversations with DHHS & state partners to discuss potential legislative funding & support from Medicaid insurers

In Development:
- Collaborative care billing codes
- Analyses around reduction in need for higher levels of care
- Expanding services to include consultation to:
  - School staff
  - I/DD providers
  - ED/PRTF clinicians
  - DSS, CDSA, Foster Care clinicians & staff
North Dakota
Project ECHO

• First ECHO series presented by a neuropsychologist regarding screening and behavioral approaches. (Recorded videos on file at University of North Dakota School of Medicine for free CME)
• Second ECHO series launched May 5th, with a C_A Psychiatrist – 33 attended

Virtual Symposium

• First one held Sept. 17th, 2020, on ACES/Trauma, Collaborative Care, SBIRT Process– 183 Attended
• Second symposium scheduled for Sept. 23rd, 2021, focusing on three tracks (trauma, suicide, skills)

CAP (Child Adolescent Psychiatry) of Coffee Hour

Virtual coffee hour to answer diagnostic or pharmacological questions. No didactic offered in this hour.

Consult Line

Launched on March 22nd, 2021

Website

Launched March 15th, 2021, for access to all trainings, literature and screening tools
Integrating grant objectives into the North Dakota Behavioral Health Strategic Plan

Gathering sustainability data through consult requests (i.e. CPT code utilization if it were a billable service)

Developing a smaller sub-committee to the advisory board that includes members of program who have a track record of creating sustainable programs.
Rhode Island
Rhode Island PediPRN Intensive Program (PIP)

• 10 session certificate program. CMEs are provided for all sessions.

• Provides in-depth training to PPCPs on child behavioral health topics. The goal is to enhance PPCP expertise and competence in the treatment of complex behavioral health disorders.

• First cohort completed December 2019; second cohort will complete in May 2021.

Started an intensive graduate program (PIPgrad):
Bi-monthly open forum mental health education and case consultation with a child psychiatrist

• Evaluation results show increased provider knowledge and confidence with screening, diagnosing, and treating mental health conditions.
Rhode Island Sustainability Efforts

• State Budget Article
• BHDDH Block Grant
• Advocating for programming support as part of the merger of 2 large hospital systems in RI; each hospital system houses a HRSA funded psychiatry access program – Mom’s RI PRN and PediPRN
• Hospital Contracting/Alternative Payment Models through Local Payors.
Virginia
Education

**585 Providers Statewide Trained so far!**

**REACH PPP Trainings** — weekend-long trainings with 6 months of follow-up learning sessions

- 2019 - 45 participants
- 2020 - 135 participants
- 2021 - 99 participants
  (4 more trainings scheduled for 2021)
- Licensed in 2021 as an official REACH Institute Site

**Project ECHO** — 10-month collaborative learning sessions

- Total # of Cohorts: 6
- Total # of virtual sessions: 58
- Total # of Primary Care participants: 145
- Total # of trained faculty: 22
- Total # QI participants: 81
- Approved for 60 credit – CME MOC 2 MOC 4

**Virginia Guidebook** — in progress

---

**Mental Health Screening Quality Improvement (QI) Projects**

- 80 pediatricians – physicians receive MOC Part 4 credit
- Measured the screenings of adolescents 12 years and older for depression and mental health conditions using standardized screen tools (examples include PHQ-2, PHQ-9 for depression, and PSC-17 or PSC-35 for mental health conditions)
Wisconsin
Non-CME

• Open Q &A during enrollment and annual check-in meetings for PCPs with a Board-Certified Child Psychiatrist
• Tailored presentations on topics requested by PCP clinics

CME

• On-demand training modules
  • Series 1  Psychopharmacology
  • Series 2  Ratings Scales and Suicidality
  • Series 3  Trauma Informed Care
  • Series 4  Behavioral interventions

• Annual state-wide conference
  Keynote + 4-5 national/regional expert presenters
State General Purpose Revenue for the Wi CPCP:

• Biennial Budget 2013-2014 and 2014-2015 WISCONSIN ACT 127 appropriated an initial $500,000 to create a child psychiatry consultation program.

• Biennial Budget 2015-2016 and 2016-2017 No additional funds allocated.

• Biennial Budget 2017-2018 and 2018-2019 legislation added an additional $500,000.

• Current Governors Budget includes adding an additional $500,000 for Wi CPCP in 2022-2023.

• The HRSA PMHCA supplemental funding allowed expansion to unserved area and will carried Wi CPCP expansion through 2022-2023.

• If Governors Budget is approved the State funding will total $2,000,000.
